

Dear Sir or Madam,

XM satellite radio is the best thing in communications and entertainment since the invention of the radio. It broadcasts all genre of music and and a varitey of talk and information channels to the benefit of its subscribers. We are all excited about this new medium and are thrilled that XM began brocasting "Instant Traffic and Weather". It is a benefit to us, the more than one million XM listeners. Please let it remain.

Thank you for your consideration.

Best regards,
